Ordering tips from Franklin Eyewear®

Our color coded price tag system helps keep your display organized and makes for easy ordering. Just match the color price tags with the color label on your display, getting all your inventory in place.

Then go to the order form and select what you need on the order grid.

We suggest keeping extra stock in the storage base, so your display will be full at all times. Regularly check your stock and fill display. You're out when your storage base is low..full displays sell better!

If by chance you have a defective pair, make a note on the bottom of the order form, and we will replace it.

It is our pleasure to serve you with great style and quality, to help you serve your customers. Any questions, call us at 877-766-0321.

All the best to your and yours,

Franklin Eyewear®
